

Global Logistics Quality Manager (m/f/d) - REF91947I

Vaše náplň práce

We are seeking a **Global Logistics Quality Manager (m/f/diverse)** with solid logistic experience to lead and continuously improve logistics quality across our global tire business. As part of our global logistics quality team this role supports around 90 plant and market warehouses worldwide to be compliant with global standards and to drive operational excellence in logistics.

- **Driving Global Logistics Quality Roadmap**
 - Develop and coordinate the implementation of a global roadmap for logistics quality together with the global logistics quality team
 - Initiating and managing projects to drive quality roadmap items and to strive for operational excellence together with other SCM and QMtC functions
- **Quality Excellence & Audits:**
 - Define and implement quality standards within the global logistics organization and establish auditing procedures of plant and market warehouses
 - Evaluate and approve relevant regulatory, customer and internal requirements and integrate them into the Quality Management System
 - Support logistics operations to fulfill mandatory standards and to continuously improve through warehouse audits, with the focus on EMEA region
- **Continuous Improvement:**
 - Create and maintain global logistics quality reports and KPIs, set targets, and monitor performance
 - Initiate, manage and support structured problem-solving in the area of logistics with the focus on EMEA region
 - Facilitate global knowhow transfer between global and BA logistics quality representatives
