

## Internal - Mixing Trainer (III)

### Jūsų užduotys

#### YOUR TASKS

Responsible for executing departmental training and certification programs by delivering hands-on shopfloor instruction, maintaining accurate training records, and ensuring employees fully understand new processes and procedures. This role collaborates closely with leadership to assess training effectiveness, address skill gaps, support cross-functional needs, and model company values with flexibility and accountability.

#### HOW YOU WILL MAKE AN IMPACT

- Maintain and execute the training plan for all certification and recertification processes within the department.
- Actively conduct on-the-job training on the shopfloor - trainers are expected to be visible, engaged, and hands-on with trainees.
- Maintain all employee training documentation and records internally within the assigned systems and databases.
- Provide cross-functional support by developing multiskilled capabilities in another department to serve as a backup trainer.
- Must demonstrate flexibility and the ability to adjust work schedules in response to changing business needs.
- Deliver new process and procedure training to trainees and existing employees, ensuring complete understanding and application.
- Evaluate training effectiveness through observation, testing, and feedback, and communicate any findings to the Training Specialist.
- Communicate with Department Managers and Supervisors to align on training needs, schedules, and follow-up actions.
- Coordinate and support training improvement plans by identifying skills gaps, performance, and process understanding.
- Provide input in the development and updating of work instructions and standard operating procedures.
- Participate in BT meetings and share updates on training status and communicate any support that may be needed.
- Take ownership of assigned tasks, demonstrating accountability and engagement.
- Be willing and able to become certified on required machines in the department.
- Lead by example and model the Continental Values.
- Be self-managed, detail-oriented, and capable of performing under pressure
- Follow all plant, ESH, CBS, quality, and department processes and procedures
- Other duties as assigned
