IT EDI Integration Project Coordinator

Náplň práce

Continental's digital capabilities are growing every day. Our Sales, Logistics and Central Functions Information Technology Competence Center is the digital backbone of our company's Tire business – and we want you to join us!

Using primarily an SAP platform, the Competence Center ensures Continental's Sales, Logistics and Central Functions organizations stay on the leading edge of all things digital. From managing service requests to developing the latest solutions and systems, we are the tech foundation of these organizations.

If you love to learn, grow and be on the forefront of creating modern technology tools, Continental is the perfect match for you.

This role does not include disciplinary people management responsibilities but requires leading projects and driving key topics.

In this exciting job you work on the following tasks:

- Coordinating new B2B implementations (especially time - and business - critical OE requests), handling SAP configuration, mapping specification design, communication with internal and external partners, ensuring compliance with internal rules, standards and governance;
- Supporting existing and new solutions on a daily basis;
- Consulting business for new and existing solutions;
- Leading EDI-specific projects and participating in cross-department projects (e.g., S/4 HANA);
- Continuous improvements of processes and technical solutions;
- Participating in conferences (e.g., VDA/ ODETTE), providing input for future B2B communication standards.

Profil kandidáta

- Academic degree in Computer Science or another technical field / equivalent qualification;
- Multiple years of experience in coordinating B2B integrations;
- Comprehensive knowledge of SAP EDI, thorough functional knowledge of SAP SD and general functional knowledge of SAP MM;
- Comprehensive knowledge of EDI standards (e.g., EDIFACT, VDA, ANSI) as well as EDI configurations in SAP;
- Working experience in a manufacturing company, ideally automotive or automotive supplier sector (is a plus);
- Project management skills/ experience;
- Keen attention to detail;
- Professional working proficiency in English (written; spoken).
