

# IT B2B/EDI Developer

## Jūsų užduotys

Continental's digital capabilities are growing every day. Our Sales, Logistics and Central Functions Information Technology Competence Center is the digital backbone of our company's Tire business - and we want you to join us!

Using primarily an SAP platform, the Competence Center ensures Continental's Sales, Logistics and Central Functions organizations stay on the leading edge of all things digital. From managing service requests to developing the latest solutions and systems, we are the tech foundation of these organizations.

## About the Role

As an EDI/B2B Developer, you will play a key role in designing, configuring, and maintaining secure and reliable electronic data interchange (EDI) and B2B integrations. You'll work closely with internal teams and external partners to ensure seamless data exchange and support critical business processes, while ensuring compliance with internal rules, standards and governance.

## Main Tasks:

- Develop and maintain EDI/B2B communication solutions, including mapping, configuration, and scripting;
- Configure connectivity with external partners and internal systems using protocols such as SFTP, OFTP2, AS2, HTTPS, SOAP, and RESTful APIs;
- Collaborate with business and IT teams to gather requirements, evaluate technologies, and deliver effective solutions;
- Provide daily support for EDI applications, troubleshoot issues, and resolve incidents promptly to minimize business disruption;
- Participate in system upgrades and projects, ensuring compliance with business requirements.

## Reikalavimai

### Required Experience:

- Academic degree in Computer Science, Business, or related field;
- Multiple years of IT or industry experience, ideally as a developer;
- 3+ years of EDI development experience in an international environment;
- Strong experience in EDI mapping and translation for standards such as EDIFACT, ANSI, VDA, and formats like XML, JSON, CSV;
- Technical expertise in B2B integration and security protocols (SSL/TLS, OAuth 2.0, JWT) across multiple communication methods;
- Understanding business processes related to Order-to-Cash, purchasing, and logistics;

#### **Apie mus**

Continental is a leading tire manufacturer and industry specialist. Founded in 1871, the company generated sales of €39.7 billion in 2024 and currently employs around 95,000 people in 54 countries and markets.

Tire solutions from the Tires group sector make mobility safer, smarter, and more sustainable. Its premium portfolio encompasses car, truck, bus, two-wheel, and specialty tires as well as smart solutions and services for fleets and tire retailers. Continental has been delivering top performance for more than 150 years and is one of the world's largest tire manufacturers. In fiscal 2024, the Tires group sector generated sales of 13.9 billion euros. Continental's tire division employs more than 57,000 people worldwide and has 20 production and 16 development sites.
