Quem somos

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2021, Continental generated sales of €33.8 billion and currently employs more than 190,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.

Our Continental tyre plant in Petaling Jaya (PJ), Malaysia, is a manufacturer of diverse products catering to the needs of its customers. We manufacture Commercial Specialty Tires and are the only production site for OTR X-Ply Tires at Continental. The plant opened its doors in the year 1963 as Dunlop Malaysia and has undergone many phases of changes before being finally being taken over by Continental in the year 2012. We are driven by our Core Values which are – Trust, Passion to Win, Freedom to Act and For One Another.
