

Senior SAP MM/WM Consultant

Náplň práce

We are seeking a Senior IT Consultant specializing in SAP MM/WM (Material Management and Warehouse) to join our dynamic team in San Luis Potosi, Mexico.

As a key member of our global SAP team, you will design, implement, and optimize warehouse and Inventory processes within SAP.

Your tasks

- Lead SAP MM/WM module implementations, upgrades, and enhancements (R/3 and S/4 systems)
- Analyze business processes and design innovative solutions using SAP MM/WM functionality
- Configure and customize SAP MM/WM module to meet specific requirements
- Develop and execute test plans to ensure system quality and performance
- Provide expert guidance on SAP MM/WM best practices and industry standards
- Collaborate with cross-functional teams to integrate MM/WM with other SAP modules (mainly SD Module)
- Conduct knowledge transfer sessions and train teams on SAP MM/WM functionality

Profil kandidáta

- Bachelor's degree in Computer Science, Information Technology, or a related field
- Experience in SAP MM/WM , including full lifecycle implementations
- eWM experience will be a real plus
- Fluent level of english is required.
- Good knowledge on ABAP and trouble shooting
- Strong understanding of warehouse and supply chain processes.
- Good project management skills with the ability to handle multiple projects simultaneously
- Superior problem-solving abilities and attention to detail
- Outstanding communication skills, both written and verbal
- SAP MM and/or WM Certification will be a plus.
- Intercultural Sensitivity
- Ability to work independently and collaboratively in project-driven environments

O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

Guided by the vision of being the customer's first choice for material-driven solutions, the ContiTech group sector focuses on development competence and material expertise for products and systems made of rubber, plastics, metal, and fabrics. These can also be equipped with electronic components in order to optimize them functionally for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction, and surfaces. In addition, ContiTech serves the automotive and transportation industries as well as rail transport.
