

Warehouse Group Leader (GL2)

Vos activités

As a Warehouse Group Leader (GL2) with Hoosier Racing Tire, this position is a floor-level process leader who reports directly to the Warehouse Manager. The GL2 position helps to meet warehousing goals by ensuring our employees have a safe work environment and are providing quality work by following the proper specifications and work procedures.

HOW YOU WILL MAKE AN IMPACT

- Ensure employees are using proper PPE and following safe and approved work practices.
- Report to the Warehouse Manager or safety coordinator all safety issues that arise and help in the correction of these issues.
- Ensure the processes of loading and unloading receiving and shipping containers/trailers are done properly, and perform any trailer and/or container inspections.
- Process returning product to Plymouth Plant.
- Monitor the process of moving the product through the warehouse.
- Assist in work processes - loading/off-loading.
- Communicate any quality issues to the Warehouse Manager.
- Communicate with Maintenance on any issues related to maintenance, building & grounds, or equipment.
- Monitor and verify that employees are properly trained to do the work assigned.
- Assist the training department in the continual training of employees.
- Assist Warehouse Manager in the evaluation of the work performance of employees.
- Keeping work areas neat, clean, and orderly to maintain a safe work environment.
- Constantly work to improve your skills and knowledge of the work and product.
- Lead by example, have a positive attitude, and a strong work ethic with the ability to motivate and multitask.
- Communicate with all department group leaders as necessary.
- GL2 will assign daily tasks to GL1 and employees.

NOTE: May not be inclusive of all work required and may be updated as needed.

Votre profil

THE ENVIRONMENT

- Safety is our highest priority, and safety procedures/guidelines must always be adhered to. This includes safety wear such as steel-toed shoes, hearing protection, and safety glasses as needed
- The job is within a non-climate-controlled environment where you will be exposed to temperature swings (hot/cold), forklift and pedestrian
