

# Senior IT License and Contract Manager - CTBC

## Your tasks

You are responsible for the correct and efficient licensing of a defined range of software products from the global software portfolio of ContiTech and the successful implementation of strategic guidelines.

In this role, you're in charge of the following tasks:

- Efficient and correct licensing according to contractual conditions, especially according to valid license metrics
- Ensuring seamless renewals of maintenance and subscriptions
- Ensuring the documentation of each license acquisition in the license management tool
- Issuing and managing license keys
- Defining and implementing sustainable measures to minimize risks and ensure always valid licensing and software usage (compliance)
- Regularly providing license balances (license inventory, license usage, license requirements)
- Regularly conducting internal license audits to validate or identify deviations
- Determining needs and planning the budget for centrally managed software usage rights
- Central internal contact for software licensing, especially in the sourcing process towards Purchasing department
- Developing simulations and scenarios for license models and contract volumes
- Monitoring the data quality of license types and usage
- Providing analyses and data for management requests
- Coordinating or conducting measurements for internal or external inquiries
- Communicating changed license conditions to internal application and service owners
- Developing alternative license metrics and adapting changed metrics for internal operations
- Actively participating in mergers & acquisitions (M&A), especially regarding license metrics and temporary usage rights

## **About us**

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2022, Continental generated sales of €39.4 billion and currently employs around 200,000 people in 57 countries and markets.

The ContiTech group sector develops and manufactures, for example, cross-material, environmentally friendly and intelligent products and systems for the automotive industry, railway engineering, mining, agriculture and other key industries. Guided by the vision of “smart and sustainable solutions beyond rubber,” the group sector draws on its long-standing knowledge of the industry and materials to open up new business opportunities by combining various materials with electronic components and individual services.
