ContiTech USA, Inc.

identity, age, religion, national origin, disability, veteran status, or any other status protected by applicable law. In addition, as a federal contractor, Continental complies with government regulations, including affirmative action responsibilities for qualified individuals with a disability and protected veterans, where they apply. To be considered, you must apply for a specific position for which Continental has a current posted job opening. Qualifying applications will be considered only for the specific opening(s) to which you apply. If you would like to be considered for additional or future job openings, we encourage you to reapply for other opportunities as they become available. Further, Continental provides reasonable accommodations to qualified individuals with a disability. If you need assistance in the application process, please reply to Careers@conti-na.com or contact US Recruiting at 800-821-2727. This telephone line and email address are reserved solely for job seekers with disabilities requesting accessibility assistance or an accommodation in the job application process. Please do not call about the status of your job application, if you do not require accessibility assistance or an accommodation. Messages left for other purposes, such as following up on an application or non-disability related technical issues, will not receive a call back.

Acerca de nosotros

The Business Area ContiTech develops, produces and markets products, systems and intelligent components made from rubber, plastic, metal and textiles. These products are used in mining, the agricultural industry, railway engineering mechanical and plant engineering, the automotive industry and other important sectors of the future.

This is not residential or commercial electrical work – this position supports heavy industrial manufacturing systems, controls, and production equipment.
