

Environmental, Safety & Health (ESH) Summer Intern - Ergonomics & Industrial Hygiene

Feladatok

HOW YOU WILL MAKE AN IMPACT

Join a team where your work directly improves how people feel, work, and stay safe every day. As an **ESH Intern**, you'll work hands on projects that strengthen ergonomic health, reduce workplace risks, and support a culture of continuous improvement.

You'll develop a full ergonomic improvement cycle—from assessment to action planning—while supporting broader environmental, health, and safety initiatives across the site.

- **Complete an Ergonomic Risk Baseline Study** Conduct employee comfort surveys, identify high risk areas, evaluate posture and ergonomic awareness, and measure risk scores before and after improvements.
- **Build a Standard Ergonomic Assessment Tool** Develop a practical, repeatable method the site can use long after your internship ends.
- **Create an Ergonomics Continuous Improvement Plan** Outline targeted improvements, training needs, and long term strategies.
- **Deliver a Final Presentation to Leadership** - Summarize your findings, recommendations, and project impact in a professional presentation to the management team at the end of your internship.

Additional Projects You May Support

Your internship will also expose you to the broader world of ESH, giving you hands on experience across multiple disciplines:

- **Industrial Hygiene Field Surveys** – Participate in noise monitoring, heat stress evaluations, and chemical hazard assessments.
- **Chemical Safety & SDS Management** – Support SDS audits, ChemTrec updates, and compliance with hazardous substance requirements (SOC, SVHC).
- **ESH Education & Awareness** – Prepare educational materials for ESH awareness.
- **Incident Prevention & Root Cause Analysis** – Participate in health and safety projects and problem-solving activities, using tools like RCA, 5 Whys, Fishbone, and CAPA.
- **Regulatory & Site Compliance** – Help enforce site and regulatory ESH policies, including Cardinal Rules and Ergonomics.

O'Sullivan Films, Inc.

- **ISO 14001 & 45001 Support** – Contribute to certification activities and documentation.
- **Safety Audits & Inspections** – Conduct area inspections, document findings, and follow up on corrective actions.

THE ENVIRONMENT

- Safety is our highest priority and safety procedures and guidelines must always be adhered to. Applicants must be able to work in a manufacturing industrial environment and be able to wear personal protective equipment such as safety boots, safety glasses, hearing protection, etc.

Profilja

WHAT YOU WILL BRING TO THE ROLE

- **Currently enrolled** in a U.S.-accredited college, university, or technical school with a **minimum 2.8 GPA**.
- **Pursuing a degree** in Occupational Health & Safety, Industrial Hygiene, Environmental Health & Safety, or a related field such as Science, Chemistry, Engineering, or Environmental Sciences.
- **Proficient with MS Office**, Outlook, and common internet applications.
- **Strong analytical and problem solving abilities**, with the capacity to prioritize tasks and manage projects from concept to completion.
- **Effective communicator**, able to interpret information, present findings, and write clearly and professionally.
- **Collaborative mindset**, with the ability to build relationships across teams and work effectively with peers, colleagues, and internal/external partners.
- **Comfort working independently** in a fast paced, deadline driven environment while also contributing as part of a team.
- **Ability to influence and engage** both peers and management in safety initiatives.
- **Self motivated**, with strong attention to detail, follow through, and accountability.

Additional Details

- This is a **paid, full time summer internship**. Internship dates are between **May 18 - August 7**.
- **Relocation and housing assistance are not provided**.
- **Legal authorization to work in the U.S. is required**. Sponsorship for employment visas is not available now or in the future for this role.
