A propos de nous

Continental develops groundbreaking technologies and services for the sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machinery, traffic and transportation. Continental achieved sales of 39.7 billion euros in 2024 and currently employs around 190,000 people in 55 countries and markets. Guided by the vision of being the customers' first choice for material-driven solutions, the ContiTech division focuses on development and materials expertise for products and systems made of rubber, plastic, metal and fabric. These can also be equipped with electronic components to functionally optimize them for individual services. ContiTech's industrial growth areas are primarily in the areas of energy, agriculture, construction and surfaces. ContiTech also serves the automotive and transport industries as well as rail transport.
