

Program de practica pentru studenti- Product Industrialization

หน้าที่ความรับผิดชอบในงานของคุณ

Cauți o practică unde chiar contează ce faci?

Toată lumea începe de undeva. Primul tău „da” în carieră poate începe chiar la Continental Anvelope.

In Product Industrialization vei fi aproape de procesele care transforma conceptele in produse reale. Vei observa modul in care sunt pregatite, testate si validate materialele si vei contribui la activitati importante pentru introducerea si optimizarea produselor.

Ce vei face:

- Vei participa la activitatile generale ale departamentului si vei fi prezent pe shopfloor pentru a observa modul in care sunt implementate si urmarite procesele din zona PI.
- Vei ajuta la planificarea, organizarea si urmarirea testelor, implicandu-te in activitatile care sustin validarea materialelor si optimizarea proceselor.
- Vei gestiona un **proiect propriu**, definit impreuna cu echipa, pe care il vei coordona si il vei prezenta la finalul perioadei de practica.
