- Ensuring an efficient purchasing process if needed (e.g., in-time involvement of Purchasing, transparent communication)
- Leading of projects according to Project Management principles (focus on IT realization: coordination of vendor / inhouse resources)
- Collaboration with Business Process Consultant to final align and define technical CT Standards for new projects / enhancements
- Ensure that technical CT Standards are as close as possible to standard for better scalability and maintenance
- Successful and in-time implementation of enhancements / projects (new functionalities, applications etc.)

### Project Budget

- Creation and follow up on project eCRs if needed (after IT Portfolio Board approval)
- Ensure purchasing process during the project (e.g., CEOs shopping card creation, payment)
- Create and communicate updates of project Budget (Forecast process)
- Ensure reliability of project Budget / Forecast (requested budget should be consumed or adjusted in-time)

### Technical Documentation

- Ensure availability and quality of technical documentation (with vendor same as for internal development)
- Ensure up to date information in LeanIX

### Change Management

- Define technical concept for changes
- Realization and hyper-care for changes

### Application Services

- Ensure service continuity and system operations in the region
- Follow structured problem solving processes and lessons learned on technical interruptions

### Knowledge management

- Ensure utilization of lessons learned (cross teams and Competence Center)
- Ensure continuous learning and sharing of state-of-the-art & standard utilization (e.g., visiting relevant IT fairs)

## About us

Continental Global Business Services in Manila started in June 2012 as Veyance Technologies Inc. and was acquired by Continental AG in January 2015. On the same year, it legally changed the company name to Continental Global Business Services Manila Inc., which reflects its global presence as a full-fledged subsidiary of ContiTech Division in Continental AG.

GBS Manila is composed of five (5) main work streams, structured to make processes centralized, standardized, and in leveraged technology with the support of IT group, Continental Business Systems & RPA Competence Center.

It provides end-to-end, front-to-back services; from customer service, order management, purchasing, invoice to payment, credit and collection, full finance activities, data management, and HR services including payroll, employee benefits and talent acquisition; all built to meet its customers needs.
