

Logistics Support Associate

Vos activités

Our Hoosier location in Lakeville, IN is seeking a motivated and detail-oriented individual to join our team as a Logistics Support Associate. In this role, you will play a crucial part in supporting our logistics operations, with a focus on track services, warehouse, and apparel/marketing department coordination.

Are you ready to fuel passion, pride, and success?

HOW YOU WILL MAKE AN IMPACT

- Assisting in the coordination of logistics activities for the track services team, including inventory management and pre- and post-event logistics support.
- Assisting in providing data related to logistics activities.
- Support apparel and warehouse operations by facilitating shipping and receiving processes, including labeling, staging, and coordinating carrier pickups (e.g., FedEx) as part of standard warehouse processes.
- Provide distribution and shipping support for apparel and select marketing-related fulfillment activities, without ownership of planning.
- Participate in cross-functional projects and initiatives to improve operational efficiency and customer satisfaction.
- Perform tire adjustments as needed to support operations.
- Conduct monthly inspections of fire extinguishers and first aid kits; replenish supplies as required.
- Serve as an active member of the Safety Committee.
- Facilitate forklift operator training and re-certification in compliance with company policies and safety regulations.
- Act as a backup Group Leader (GL), supporting team coordination, daily operations, and workflow continuity as needed.

NOTE: May not be inclusive of all work required and may be updated as needed.

THE ENVIRONMENT

- Safety is our highest priority, and safety procedures/guidelines must always be adhered to. This includes safety wear such as steel-toed shoes, hearing protection, and safety glasses as needed
- The job is within a non-climate-controlled environment where you will be exposed to temperature swings (hot/cold), forklift and pedestrian traffic, and noise
- The role involves various physical tasks, including lifting and operating machinery, with comprehensive training provided.
