

## TTSS - Technical Tire Sales Specialist - Specialty Tires

### 담당 업무

Responsible for Special Tires sales, with the objective of increasing market share and ensuring profitable growth, by supporting dealers and fleet customers (direct sales) within a designated region.

- Monthly monitoring of results (Sales Statistics - Micro-region vs. Customer)
- Implementation of corrective actions and/or improvements for customers facing issues (sales volume, quality, financial results, POS organization, etc.) through regular customer visits
- Analysis of account openings/closures; technical product analysis at dealerships and fleets
- Register all claimed tires in ContiFar (Internal Warranty System) - performance tracking of the current portfolio using the internal ContiTrac2 tool
- Ensure complete documentation for accounting opening
- Maintain contact with end customers in specific situations (delays, need for additional documentation, etc.)
- Monitor tire deliveries
- Request and track training for distributors and fleets
- Develop the technical capabilities of dealer sales teams
- Monitor distributor orders to achieve targets
- Analyze each customer's needs to improve quality and purchase volume
- Monitor market prices to achieve better positioning and ensure a balance between sales volume and selling prices
- Track request processing, monitor volumes, and monthly results
- Prepare commercial proposals
- Continuously monitor customers during visits and through market intelligence gathered
