

Training Specialist Sustainability and ESH - CTBC

Feladatok

Are you interested in shaping the future of ContiTech together with a great team?

Please join us and contribute to our goals with your new role as **Training Manager & Knowledge Sustainability and ESH**.

You will be responsible for managing our Knowledge discipline Training & Competence by guidance, execution and support to safeguard operations, systems and knowledge in compliance with applicable obligations. Furthermore, to sustainably and continually improve the Competence & Training related performance - in global responsibility for the ContiTech organization, including all CT-related locations and entities and in alignment with Business Areas.

In details, your tasks will be:

- **Develop and implement global training strategies** that align with ContiTech's ESH objectives, translating strategic goals into structured learning programs and qualification roadmaps.
- **Design and maintain training materials and tools** that support compliance, operational excellence, and long-term capability development across all business areas.
- **Ensure integration of internal policies and international standards** into training content and delivery processes to meet legal and corporate requirements.
- **Collaborate with global ESH teams**—central, regional, and local—to assess training needs, align priorities, and promote knowledge sharing and harmonization.
- **Monitor training performance, risks, and incidents**, using data and feedback to identify gaps, support management reviews, and drive continuous improvement.
- **Train and support ESH team members**, to strengthen individual competencies, support personal development, and enhance team performance.
- **Identify and propose innovative training approaches**, leveraging new tools, technologies, and methods to improve learning effectiveness and engagement.

Profilja

- You hold a degree in an ESH discipline, Industrial Engineering, or a related field—ideally complemented by additional qualifications in training design or adult learning. A background in organizational development is a strong plus.
- Proven experience in designing, managing, and coordinating training programs, preferably in ESH or industrial environments.
- Solid understanding of ESH topics, ideally with experience in the rubber industry or similar sectors.
