

# Service Center Analyst

## Tus tareas

### About the role

We are looking for a dynamic profile that combines customer service excellence with a strong commercial mindset. This position is key to ensuring an efficient Supply Chain flow, accurate order management, and driving revenue through proactive outbound sales engagement with an existing customer portfolio.

You will play a strategic role in the customer experience, acting as the main point of contact while generating sales opportunities by offering available products, including suitable substitutes.

### Key responsibilities

#### Order Management & Operations

- End-to-end order management: product confirmation, RDD, order adjustments, cancellations, credit releases, and follow-up on discontinued items.
- Monitor inventory availability, product transit, and delivery fulfillment.
- Order entry (including maritime containers) and reporting (e.g., Direct Shipments).
- Coordinate with key functions (Supply Chain, Credit, Sales) to ensure business objectives are met.

#### Customer Service

- Maintain active and effective communication with internal and external customers via phone and email.
- Provide timely follow-up on order status, incidents, invoicing, and deliveries.
- Act as a facilitator by understanding and anticipating customer needs and proposing solutions.

#### Sales & Business Development (Outbound Sales)

- Proactively identify and contact existing customers through outbound sales calls to generate new business opportunities.
- Drive revenue growth through cross-selling and by offering available substitute products when needed.
- Strengthen customer relationships through continuous follow-up and

a consultative approach.

## Analysis & Performance Tracking

- Monitor and analyze key indicators and dashboards: OB, BKO, inventory, credit, invoicing vs forecast, TOC, and order tracking.
- Measure performance through KPIs to support achievement of department objectives.

## Tu perfil

### Education and Experience:

- Bachelor's degree in Business Administration, International Business, Industrial Engineering, or related field.
- 1 to 3 years of experience in customer service, order management, or direct customer sales (outbound prospecting).
- Intermediate English (desirable)

### Core Competencies:

- Strong expertise in order management processes
- Sales-oriented mindset with proven ability to generate opportunities
- High commitment to customer issue resolution
- Ability to prioritize and manage multiple tasks effectively
- Strong communication and negotiation skills

### Required Technical Knowledge:

- SAP (desirable)
- Advanced Microsoft Office skills (especially Excel)
- Data analysis and validation
- Solid client relationship management and communication practices
