

Welder Fabricator

Your tasks

HOW YOU WILL MAKE AN IMPACT:

ContiTech is seeking a skilled Welder Fabricator to join our Maintenance team. In this role, you will apply technical expertise and precision to fabricate, repair, and maintain metal components that support our industrial operations. The ideal candidate brings hands-on experience in welding techniques, a strong commitment to safety, the ability to interpret blueprints and technical drawings, and a willingness to support maintenance activities on a wide range of equipment.

Your Tasks

- Read and interpret project plans, blueprints, and technical diagrams to accurately perform assigned work
- Perform MIG, TIG, and stick welding based on project specifications and maintenance needs
- Complete field installation of welds, including ducts, piping systems, and structural steel
- Fabricate custom metal parts, components, and equipment to support plant operations
- Repair machinery, equipment, and structural components to minimize downtime
- Support preventative and corrective maintenance activities across the facility
- Collaborate with maintenance and engineering teams to troubleshoot and resolve equipment issues
- Ensure all work is completed in compliance with safety policies and procedures
- Maintain a clean and organized work area in line with 5S and safety expectations

THE ENVIRONMENT:

- Safety is our highest priority and safety procedures / guidelines must always be adhered to.
- Fast-paced, hands-on manufacturing environment.
- Work involves standing, walking, lifting up to 50 lbs, and working around machinery
- The job is within a non-climate-controlled environment where you will be exposed to temperature swings (hot/cold), forklift and pedestrian traffic, and noise.
- Collaborative culture focused on safety, quality, and reliability.

Your profile

WHAT YOU BRING TO THE ROLE:

- High school diploma or equivalent
- Technical training or certification in welding and fabrication.

Onsite Job

Legal Entity

ContiTech USA, Inc.

- 2+ years of experience in industrial or manufacturing maintenance
- Ability to read and interpret blueprints, drawings, and technical documents.
- Proven experience as a Welder Fabricator, MIG, TIG, & stick welding
- Strong understanding of welding safety standards and proper use of PPE (face shield, gloves, etc.)
- Proficiency with electrical and manual tools (powered saws, calipers, mill, lathe, plasma cutter, etc.)
- Support preventative and corrective maintenance activities across the facility
- Ensure all work is completed in compliance with safety policies and procedures
- Maintain a clean and organized work area in line with 5S and safety expectations

ADDITIONAL WAYS TO STAND OUT:

- Strong problem-solving and communication skills
- Ability to troubleshoot and repair mechanical systems beyond welding
- Familiarity with preventative maintenance programs and equipment reliability practices
