Tus actividades

YOUR TASKS

Supports the ESH manager by ensuring compliance with safety and environmental standards, leading health and safety programs, audits, and continuous improvement initiatives. Oversees occupational health, training, incident prevention, and wellness efforts to maintain a safe, compliant, and proactive workplace.

HOW YOU WILL MAKE AN IMPACT

- Report to and assist the ESH manager in identifying, solving, and alleviating health and safety issues in the facility
- Ensure compliance to ISO 45001/ISO14001 standards and legal compliance to regulatory requirements.
- Drive continuous improvement, coordinate, define and implement necessary actions to always keep internal standards and procedures up to date.
- Responsible for the area of occupational health management and the related contractors.
- Responsible to develop and drive S and H management campaigns within the plant Sumter.
- Conduct internal incident investigations and proactively initiates corrective actions to prevent recurrence.
- Supports the planning and implementation of a local audit procedure to control and check regularly for conformity and continuous improvement potential of the ESSH management system according to ISO 45001 / OSHA requirement.
- Responsible to close all audit findings from internal and external audits for the area of ISO 45001 in the defined timeframe.
- Participate in other audits as needed e.g. environmental or other plants
- Develop and keep up to date the required training material for the Safety and Health management area.
- Ensure training and qualification of all involved employees for the Safety and Health systems including the record keeping.
- Develop and communicate Health awareness campaign for the complete plant
- Drives the development and implementation of health and wellness programs that promote employee well-being.
- Coordinate wellness activities, ensure proper PPE (Personal Protective Equipment) usage, and provide training on health hazards.
- Ensure the systematical ergonomic evaluation of all existing workplaces together with the IE team.
- Drives the development of the needed technical improvement measures.
- Support the evaluation of technical measures, plan the needed investment and ensure that the roll out is being done in a timely manner.

Acerca de nosotros

THE COMPANY

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2023, Continental generated preliminary sales of €41.4 billion and currently employs around 200,000 people in 56 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
