

Project Manager - Strategic Operations

Your tasks

HOW YOU WILL MAKE AN IMPACT

Seeking a highly organized and analytical professional to support cross-functional initiatives through project management, executive/board coordination, and data-driven research. This role sits at the intersection of operations, strategy, and leadership support—ensuring projects are delivered on time, board materials are prepared to a high standard, and insights are generated to inform decision-making. This role will coordinate cross-functional activities, work closely with the relevant stakeholders, develop joint solutions, and support the implementation of management decisions.

Working closely with the CEO, CHRO, and CFO. This role will act as a communication interface, you will work closely with the Executive Board offices and ensure a smooth flow of information between Board members, their management teams, and employees across the organization. Also, will interface with multicultural organizations, different Business Units and countries within Americas as well as Group Functions at parent company level in Germany.

Project Management

- Plan, execute, and monitor multiple projects across departments
- Define project scope, timelines, milestones, and deliverables utilizing collaborative approach with the various departments & business units to ensure strategic goals are met
- Track progress and proactively manage risks and dependencies
- Coordinate with stakeholders to ensure alignment and timely delivery
- Prepare status reports and present updates to leadership

Board & Executive Support

- Lead end-to-end preparation for board and committee meetings
- Develop high-quality presentations, reports, and briefing materials / speeches for internal and external events
- Coordinate inputs from internal teams and ensure accuracy and consistency
- Manage meeting logistics, agendas, minutes, and follow-up actions
- Support executive communications and strategic initiatives as requested

Research & Data Analytics

- Conduct qualitative and quantitative research to support strategic
