

Supply Chain Management Intern

Your tasks

As an intern, you will be involved in:

1. Developing a system to check and verify the correct billing, packaging quantity, and vendor by purchase order.
2. Automating open orders with accurate shipping information.
3. Automating a system to verify freight requirements against allocations on a monthly basis.
4. Preparing shipping documents and archiving them on an on demand basis.
5. Supporting other supply chain initiatives.

Your profile

Minimum Requirements

- Bachelor degree in Supply Chain Management, Business Administration, or an equivalent field

Preferred candidates should possess the following:

1. Proficiency in Microsoft Office, particularly Excel and PowerPoint
2. Good command of English, both written and spoken
3. Advanced knowledge of VBA/Python programming
4. Strong analytical, conceptual, and problem solving skills
5. Ability to work independently and be results oriented
