

Manager Sustainability Reporting Regulations (m/f/d) - REF97244G

Tus tareas

We are looking for a Manager Sustainability Reporting Regulations to join our sustainability team. The role is shaping the dynamic field of sustainability reporting regulations management which is developing at a high speed following evolving regulations like CSRD, ESRS and EU Taxonomy. The role comprises among others the following tasks:

- Monitor and evaluate the dynamic landscape of Corporate sustainability regulations with focus on reporting and disclosure requirements
- Analyze sustainability reporting regulations and translate them into concrete requirements
- Coordinate the interpretation of reporting regulations with the relevant topical functions
- Manage the central hub for sustainability reporting requirements
- Continuously match the implementation of requirements with the dynamic interpretations of sustainability reporting regulations
- Develop solutions for challenging accounting questions with regard to sustainability reporting regulations in alignment with the external assurance provider
- Co-write technical text blocks within the sustainability report
- Contribute to public engagement on sustainability reporting regulations (e.g. public consultations)

Tu perfil

- Academic degree in Sustainability, Accounting, Controlling, or a comparable field
- Several years experience in a similar field of activity
- Strong expertise in Corporate Sustainability Reporting
- Profound expertise on Sustainability Reporting Standards & Regulations (CSRD, ESRS, EU Taxonomy, ISSB, GHG Protocol, SASB, etc.)
- Practical expertise in Sustainability Reporting Assurance (either on company, consultancy or assurance provider side)
- Experience in creating certainty in dynamic conditions
- Experience in matrix roles, project and stakeholder management
- Advanced skills in Excel and Word
- Good understanding of technical language of sustainability reporting in English and German
- Fluent precise English and German
- Working style combining a focus on details as well as keeping a highly structured overview
- Intrinsic motivation to navigate in highly complex and dynamic processes and requirements
- Ability to explain complex requirements in easy words
