

# Demand & Supply Analyst

## Vos activités

We are looking for a proactive and analytical **Demand & Supply Analyst** to join our regional Supply Chain team. This role plays a key part in ensuring product availability, accurate forecasting, and smooth execution across our Central and South American operations.

## Main Responsibilities:

- Create and maintain **material master data** in the system, ensuring accuracy and consistency.
- Prepare and analyze **supply chain reports**, identifying trends and improvement opportunities.
- Support the **Sales & Operations Planning (S&OP)** and **Sales & Operations Execution (S&OE)** processes, providing reliable sales and demand forecasts.
- Monitor **local production and import flows**, ensuring on-time availability of products.
- Manage **intercompany export processes**, coordinating with plants and logistics teams.
- Participate in **continuous improvement projects** and drive initiatives to enhance efficiency in the Demand & Supply area.

## Votre profil

- Bachelor degree in **Engineering, Business Administration, Economics**, or a related field.
- **1-3 years of experience** in Supply Chain, Demand Planning, or similar roles.
- Strong analytical and Excel skills; experience with **ERP systems (SAP preferred)** is a plus.
- Fluent in **English** (written and spoken); Portuguese is a strong advantage.
- Proactive, detail-oriented, and passionate about delivering results through teamwork and data-driven decisions.

## **A propos de nous**

Continental develops pioneering technologies and services for the sustainable and connected mobility of people and their goods. Founded in 1871, the technology company provides safe, efficient, smart and affordable solutions for vehicles, machinery, traffic and transportation. In 2021, Continental generated sales of €33.8 billion and currently employs more than 190,000 people in 58 countries and markets. On October 8, 2021, the company celebrated its 150th anniversary. With its premium portfolio of the division of cars, trucks, buses, two-wheelers and special tires, the Tires sector of the group provides innovative solutions in the area of tire technology. Smart products and services related to tires and the promotion of sustainability complete the product portfolio. For specialized dealers and fleet managers, the Tires sector offers digital tire monitoring and management systems, in addition to other services, with the objective of guaranteeing the operation of fleets and increasing their efficiency. With the supplied tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
