

Internship IT (8h) - Tires

Vaše náplň práce

As an Intern in the global Infrastructure team, you will support the development, maintenance, and continuous improvement of the organization's IT infrastructure. Your role will focus on assisting with day-to-day operations, contributing to infrastructure projects, and supporting the team with different tasks.

Key Responsibilities:

- Support the planning and execution of projects, including communication tasks, documentation, and feedback collection.
- Assist in preparing technical documentation, reports, and internal communication materials.
- Demonstrate a proactive approach to learning.
- Collaborate with technical teams to understand different technologies.
- Help monitor metrics and prepare reports.
- Help identify improvement opportunities.
- Stay up to date with emerging infrastructure technologies and industry best practices.

Váš profil

- Currently enrolled in a Bachelor's or Master's program in a related field.
- Strong interest in technology and IT Infrastructure.
- Experience with Office Suite, e.g. PowerPoint and Excel.
- Good communication skills and quality orientation.
- Good communication skills in English - min. B2.
- Willingness to learn technical concepts.
- Ability to work independently as well as in a team.

Co nabízíme

What we offer:

- 13th salary

O nás

Continental is a leading tire manufacturer and industry specialist. Founded in 1871, the company generated sales of €19.7 billion in 2025 and currently employs around 78,000 people in 54 countries and markets.

Tire solutions from the **Tires group sector** make mobility safer, smarter, and more sustainable. Its premium portfolio encompasses car, truck, bus, two-wheel, and specialty tires as well as smart solutions and services for fleets and tire retailers. Continental has been delivering top performance for more than 150 years and is one of the world's largest tire manufacturers. In fiscal 2025, the Tires group sector generated sales of 13.8 billion euros. Continental's tire division employs more than 56,000 people worldwide and has 19 production and 16 development sites.
