

Senior officer Raw Material Purchasing

Your tasks

Ensures the uninterrupted supply of production materials by effectively managing all purchasing-related activities. Drives continuous improvement in purchasing processes to achieve corporate objectives, optimize supply chain performance, and support business goals.

Raw Material Planning & Procurement

- Manage raw material planning for assigned commodities.
- Analyze demand through RMDP and SAP to ensure material availability.
- Create Purchase Orders (POs) and monitor supplier deliveries.
- Follow up with suppliers to avoid production shortages.
- Coordinate with production, warehouse, and suppliers to ensure uninterrupted material flow.

Inbound Supply Chain Management

- Monitor and improve inbound supply chain KPIs:
 - CUDs (Consumption Utilization Days)
 - Inventory Turn Rate
 - Stock Control & Inventory Management
 - PO Confirmation Tracking
 - ASN (Advance Shipping Notice) Compliance
 - ASN Completeness
- Coordinate with suppliers for timely shipment dispatches and updates.
- Ensure accurate shipment visibility and tracking.

Import & Customs Clearance

- Track imported raw material shipments from origin to plant.
- Coordinate with Customs House Agents (CHA) for customs clearance.
- Arrange and verify import documentation as per CAROTAR guidelines.
- Liaise with Finance, Purchase Manager, and HOD for approvals when required.
- Ensure timely sharing of shipping documents between vendors and CHA.

GRN Settlement & Vendor Management

- Maintain duty, freight, clearance, and transportation costs in SAP PO.
- Coordinate with warehouse for Goods Receipt Note (GRN) settlement.
- Support new vendor registration and vendor master amendments.
- Resolve vendor-related issues impacting procurement and payments.

Finance (FI) Related Activities

- Coordinate customs duty payments with Treasury.
- Arrange road permits and other statutory requirements with Finance.
