

SAP CO IT Consultant

Your tasks

As SAP CO IT Consultant you will have these key responsibilities:

- Supports CO stream activities across all S/4HANA phases (Design to Hypercare);
- Contributes to Fit-to-Template workshops and requirement clarification;
- Supports coordination of deliverables, timelines and system readiness;
- Translates business requirements into functional specifications;
- Supports configuration of CO processes (e.g. cost centers, orders, allocations);
- Ensures alignment with S/4HANA standard and template design;
- Supports integration of CO with FI, MM, SD, PP and reporting;
- Ensures consistency of controlling processes across modules;
- Supports clarification of cross-functional dependencies;
- Prepares and executes CO-related test scenarios (unit, integration, UAT);
- Supports defect analysis and resolution;
- Ensures system functionality and process correctness;
- Supports migration of CO master and transactional data;
- Validates data consistency (e.g. balances, allocations, structures);
- Assists in reconciliation between legacy and S/4 systems;
- Supports business users and key users in CO-related topics;
- Assists in issue resolution during rollout and hypercare;
- Identifies improvement opportunities and supports optimization.

Your profile

- Academic Degree in Business Administration, Finance, Information Systems or comparable field;
- 3-5 years experience in SAP CO or Finance-related IT roles;
- Experience in SAP implementations, rollouts or S/4HANA transformation (preferred);
- Experience working in cross-functional project teams;
- Experience in international project environments;
- Solid communication skills;
- Business-fluent English language skills (written and spoken).

Our offer

Our offer:

- Integration in a challenging and international work environment;
- Flexible working model;
- Collaborative working style;
- Continuous opportunities for the promotion of talent and training.
