O365 Engineer - Tires

Vaše náplň práce

The role of an Office 365 Engineer within the Tires IT Infrastructure Organization is centered on maintaining high-quality performance of Office 365 services. This role includes management of Office 365 and ensuring that these services meet the business requirements. Proficiency in Office 365 topics is essential for this role.

Your tasks

- Oversee and monitor the performance of Office 365 services.
- Deliver technical support and troubleshoot issues related to Office 365.
- Collaborate with internal teams to implement and sustain Office 365 solutions.
- Identify and execute opportunities for enhancement in Office 365 services.
- Ensure effective deployment and management of Office 365 applications.
- Prepare and present reports on Office 365 service performance to management.
- Provide technical guidance and support for Office 365-related projects.
- Participate and lead projects.

Váš profil

Your profile:

- Academic degree in computer science or a related field.
- 3+ years of experience in managing Office 365 services.
- Experience in troubleshooting and providing technical support for Office 365.
- Previous experience in project work.
- Knowledge of ITIL or other IT service management frameworks is a plus.
- Proficiency in Windows operating systems and Microsoft 365 applications.
- English skills - min. B2.
- Ability to work collaboratively with cross-functional teams.
- Excellent organizational and time management skills.
- Strong communication and problem-solving skills.
- Strong customer service orientation.

O nás

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent and affordable solutions for vehicles, machines, traffic and transportation. In 2024, Continental generated sales of €39.7 billion and currently employs around 190,000 people in 55 countries and markets.

With its premium portfolio in the car, truck, bus, two-wheel and specialty tire segment, the Tires group sector stands for innovative solutions in tire technology. Intelligent products and services related to tires and the promotion of sustainability complete the product portfolio. For specialist dealers and fleet management, Tires offers digital tire monitoring and tire management systems, in addition to other services, with the aim of keeping fleets mobile and increasing their efficiency. With its tires, Continental makes a significant contribution to safe, efficient and environmentally friendly mobility.
